## WE ARE THE MANUFACTURER

**Full program:** The exceptionally wide range of products offered by Radici Industries most likely presents the most complete offer available today on a worldwide level. Our textile flooring can be woven by wilton, wilton jacquard, face to face, tufting, and personalized with any pattern and colour thank to the chromo-jet technology (even for very few quantities).

**The most experienced:** our "abetone" carpet woven velvet in pure virgin wool has been the world leader in its category for decades.

**Specialist of customization:** not just of woven carpets but we extend our expertise to carpets created using cutting edge printing technology, to satisfy the colour and design requirements of any extremely sophisticated job. The Contract service offered by Radici Industries, able to satisfy any request however large or small, can now pride itself on references from some of the most prestigious hotels on the continent. Our international certifications are a guarantee that our carpets offer the maximum as regards to comfort, structural safety, health, hygiene and respect for the environment.

**100% made in Italy:** the complete production cycle of our production is 100% in Italy. All the products created by Radici Industries over the course of over half a century of work and exported to the principal countries of the world, are authentically representative of the most genuine 'made in Italy'. Special attention is paid to creativity, the driving force on an international level of the values deeply rooted in the 'made in Italy' style.

## SIAMO I PRODUTTORI

**Più completi:** I nostri pavimenti tessili possono essere tessuti con tecnologia wilton, jacquard, doppia pezza, tufting, e personalizzati con qualsiasi disegno e colore per mezzo della stampa chromo-jet (anche per minime quantità).

**più esperti:** La nostra moquette "abetone" tessuta in velluto in pura lana vergine è leader mondiale di categoria da oltre mezzo secolo.

**100% made in Italy:** Il ciclo completo della nostra produzione è realizzato al 100% in Italia per garantire la massima velocità di risposta a ogni richiesta nel rispetto di tutte le normative ambientali.

## OUR HISTORY - TECHNOLOGY AND CREATIVITY

1950

Establishment of "Tappetificio Nazionale Pietro Radici", in Cazzano S. Andrea, starting with the production of woven rugs with jacquard looms in a complete manufacturing cycle. In only a few years, Radici firm acquires a strong presence on all the major international markets; in the 70s factory employee numbers reach almost one thousand.

Nasce il Tappetificio Nazionale Pietro Radici, a Cazzano S. Andrea, avviando la produzione di tappeti tessuti con telai jacquard con un ciclo di lavorazione completo. In pochi anni il tappeto Radici si afferma in tutti i più importanti mercati internazionali; negli anni '70 l'occupazione in fabbrica sfiora le mille unità.

1968

Creation of division specialised in moulded rugs and textile components destined for the automotive industry: Radici quickly gains a stronghold on this very important market.

Nasce la divisione specializzata in tappeti preformati e complementi tessili destinati al settore automobilistico: di questo Radici conquista in breve una quota maggioritaria.

1972

Setting up of the carpet division and the SIT-IN brand is launched with important investments made in tufting looms as well as dyeing and finishing equipment. In a short time the division leads the European market and acquires an important position on the European market, with the opening of subsidiaries in the key European countries and in USA.

Nasce la divisione moquette e viene lanciato il marchio SIT-IN con importanti investimenti in telai tufting, impianti di tintura, finissaggio e nobilitazione. In pochi anni viene acquisita la leadership italiana e una significativa posizione nel mercato europeo, con l'apertura di Filiali nei principali paesi.

1985

Acquisition of DUE PALME, the oldest and biggest European specialist of wilton and wilton jacquard wool carpets. After the installation of a cutting edge printing system, Radici becomes the European producer that offers the most complete and the widest ranging products on the market.

Viene acquisita DUE PALME, il più antico e grande specialista europeo di moquette in lana, tessute wilton e wilton jacquard. Dopo l'installazione di un impianto di stampa chromo-jet, Radici diventa il produttore europeo che offre al mercato la gamma di prodotti più completa e articolata.

2001

Establishment of "RADICI TAPPETI", in Airolo (Bn), a production plant specialised in the manufacturing of face-to-face jacquard woven rugs and wall-to-wall broadloom carpet.

Nasce RADICI TAPPETI, ad Airolo (Bn), unità produttiva specializzata nella produzione di tappeti doppia pezza jacquard, a misura e in grande altezza per pavimentazione da parete a parete.

2003

Start up of SIT-IN SPORT, the division specialised in the production of artificial grass turf for all kinds of sport, including professional football and even outdoor landscaping.

Nasce SIT-IN SPORT, la divisione specializzata nella realizzazione di manti in erba sintetica destinati a tutti i tipi di sport, compreso il calcio professionistico, e alla decorazione di esterni.

2005

The "Tappetificio Nazionale Pietro Radici Spa" changes its name to its present title of "RADICI INDUSTRIES & BRANDS Spa" and is part of the "MIRO RADICI Family of Companies".

Il "Tappetificio Nazionale Pietro Radici Spa" assume l'attuale denominazione "RADICI INDUSTRIES & BRANDS Spa" ed è parte di "MIRO RADICI Family of Companies".

Since 2010

60 years on from its creation, Radici Industries remains, with the brands "RADICI CONTRACT" for the Contract Market and Sit-In + Due Palme (distribution/residential), the exclusive spokesperson for "made in Italy" on the global textile flooring market.

Radici Industries, dopo 60 anni dalla fondazione, con i brands "RADICI CONTRACT" per il mercato Contract e Sit-In + Due Palme (distribuzione/residenziale) rimane l'unico interprete del "made in Italy" nel mercato globale delle pavimentazioni tessili.
